THE SIEGE OF PARIS.

Sept. 21.—The following news is just received:

The Pall-Prussian telegraphic line has been established between Paris and Versailles.

Advices from Paris to Sunday evening have been received. The Prussians attack a reconnoissance near Asnieres. An engagement ensued with the French sharp-shooters posted on the opposite bank of the Seine, in which the Prussians were defeated and driven back. At midnight another attack had been made, but failed for the same result.

Versailles and Sevres occupied by German troops. The chateau which serves as a Prussian headquarters is undergoing repairs. The Prussian officers are now domiciled in the magnificent mansions of the French sharp-shooters posted on the opposite bank of the Marne, in which the Prussians were defeated and driven back. At midnight another attack had been made, but failed for the same result.

The Germans have threatened with death all who attempt to repair the railways they destroy.

The Paris Journal du Soir says the Germans on the Asnieres road have already paid forward to Bonneuil and Vesinet.

London, Sept. 20.—There has been skirmishing near Sevres and Chatillon, on the north side of Paris. The Prussians now occupy Chatillon. Sevres is occupied by Prussian pickets. Meudon is in possession of the Prussian pickets.

Versailles, Sept. 20.—Advices from Orleans state that the Prussians intend to attack the city on the south side. The Crown Prince is near Pontoise.

The Markets.

Special Dispatch to The Chicago Tribune.

NEW YORK, Sept. 20.—The feature on Wall street to-day was the withdrawal of the two past several weeks in support stocks. It is the general impression that the bears will be unable to depress the market any further, and that many of those recently sold out will be compelled to cover their contracts at a loss. The Stock Exchange board was very dull, and prices were irregular. The most interest at the Board of Brokers Department was in Pacific Mail, which sold at 47½ per cent on the interest payable at the option of the purchaser. The MARKET closed firm, with a moderate business. The following were the transactions at the Second Call: Pacific Mail, 47½; Western Union Telegraph, 78½; Quicksilver, 37½; Quicksilver preferred, 45½; Canton, 55; Boston, Hartford & Erie, 6; Erie, 24½; Erie preferred, 47½; Hudson River, 131½; Reading, 101½; Michigan Southern, 93½; Illinois Central, 122½; Cleveland & Pittsburg, 93½; Chicago & Rock Island, 107½; Pittsburg, Fort Wayne & Chicago, 97½; Western Union Telegraph, 78½; Ohio & Mississippi, 30½; Ohio & Mississippi preferred, 50; Toledo & Wabash, 47½; Toledo, Wabash & Western, 30½; Wabash preferred, 70; Illinois Central scrip, 118½; Cumberland coal, 30½; New York Central & Hudson River, 151½; New York & Harlem, 140; New York & Harlem preferred, 140; Michigan Central, 118½; Panama, 210; United States sixes, 1881, registered, 118½; United States sixes, 1881, coupon, 118½; United States sixes, 1867, registered, 115½; United States sixes, 1867, coupon, 115½; United States sixes, 1868, registered, 115½; United States sixes, 1868, coupon, 115½; United States fives, registered, 111½; United States fives, coupon, 111½; United States ten-forties, registered, 109½; United States ten-forties, coupon, 109½; United States seven-thirties, first series, 107½; United States seven-thirties, second series, 107½; United States seven-thirties, third series, 107½; United States sixes, 1865, registered, 113½; United States sixes, 1865, coupon, 113½; United States sixes, 1865, new issue, registered, 113½; United States sixes, 1865, new issue, coupon, 113½; United States sixes, 1864, registered, 112½; United States sixes, 1864, coupon, 112
